EXERCISE 3

EXERCISE 4

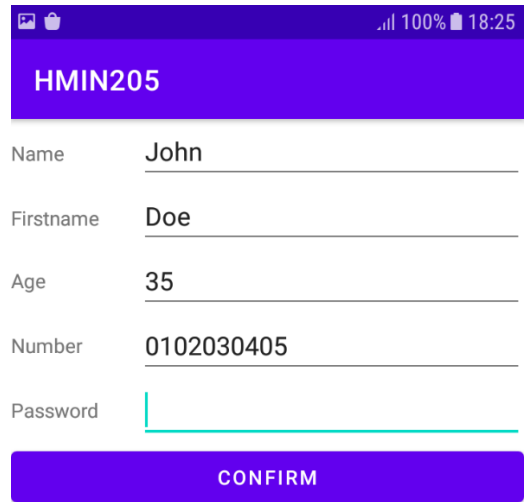

EXERCISE 5

EXERCISE 6

# Exercice 1

Mobile app interface before `onRestore()`. The app has a blue header with the text "HMIN205". Below the header, there are five input fields: "Name" with value "John", "Firstname" with value "Doe", "Age" with value "35", "Number" with value "0102030405", and "Password" with value "\*\*\*\*\*". At the bottom, there is a blue button labeled "CONFIRM". The status bar at the top shows a battery icon, 100% battery, and the time 18:23.

Mobile app interface after `onRestore()`. The app has a blue header with the text "HMIN205". Below the header, there are five input fields: "Name" with value "John", "Firstname" with value "Doe", "Age" with value "35", "Number" with value "0102030405", and "Password" with value "". At the bottom, there is a blue button labeled "CONFIRM". The status bar at the top shows a battery icon, 100% battery, and the time 18:25.

Avant/Après `onRestore()`

## Exercise 2

ID : user\_1491  
Name : John  
Firstname : Doe  
Age : 35  
Number :  
0102030405

## Exercice 3

Usage : 3  
ID : user\_9289  
Name : John  
Firstname : Doe  
Age : 35  
Number :  
0102030405

Usage : 6  
ID : user\_9289  
Name : John  
Firstname : Doe  
Age : 35  
Number :  
0102030405

Après 3 et 6 appels à onResume()

## Exercice 4

Name

Firstname

Age

Number

Password

**CONFIRM**

**SHOW PLANNING**
